Name of Document: Scale of fees

Title of the Document: SD 002

Approved by: Lenkungsgremium

Date: 11.06.2012 **Changes:** 28.09.2020

Issue date: 11.06.2012

Application date: 11.06.2012

The annual costs depend on the turnover of the company:

1. Forest certification

Calculation CHF/ha	0,05 (minimum 150 CHF)
--------------------	------------------------

In case of certificate use by individual forest owners, the forest area or, if the forest area is broken down, the wood ground area, applies. It is rounded up to full hectares.

In the case of collective use by group certificates, the total forest area of all participating forest owners or, if the forest area is broken down, the wood ground area, applies. It is rounded up to full ha.

2. CoC-Certification

Turnover up to 5 Mio.	150 CHF
Turnover from 5 to 10 Mio.	500 CHF
Turnover from 10 to 30 Mio.	1.000 CHF
Turnover from 30 to 50 Mio.	2.000 CHF
Turnover > 50 Mio.	5.000 CHF

All amounts are subject to 7.7 % VAT. The costs do not include the audit costs incurred by the certification bodies.

For multi-site certifications, the annual fee is based on the total turnover.

The turnover figures are collected during the initial audit or recertification, so that the basis for calculation remains constant over the 3 or 5-year term of the certificate.

4. payment modalities

- Invoicing period is the calendar year

- Yearly payment

The certification fee is understood to be pro rata in the case of resignations or accessions during the year.
